

BRIDGEPOINT+

The Bridge to Your Recovery, from Hospital to Home

THE BRIDGEPOINT DIFFERENCE

BridgePoint Healthcare is committed to advancing healing and wellness in a safe, welcoming environment where every patient receives a personalized path to recovery.

we are one of the very few providers that offer multiple levels of care within the same facility. This allows patients to smoothly transition between different levels of care without leaving the building.

SERVICE EXCELLENCE

Our Service Excellence Program, rooted in our WeCare values, shapes every interaction with patients, families, and colleagues. It ensures care that is consistent, compassionate, and personalized while building trust and confidence at every step.

Through this commitment, our teams anticipate needs, communicate clearly, and go beyond expectations to create meaningful experiences.

CIHQ CERTIFIED

Both DC hospitals are CIHQ-designated Centers of Excellence, including for Respiratory Therapy.
